KNOW THE SYMPTOMS

The symptoms of pancreatic cancer are often vague and may at first appear to be associated with other less serious and more common conditions.

Don’t Play Games With Your Health

These symptoms may not all occur at once so consult your doctor and ask to be checked for pancreatic cancer if you notice one or more of the symptoms listed.

There is no standard screening test for pancreatic cancer which makes it vital for people to know the signs and symptoms of the disease.

Know your body. Listen to your body. Don’t ignore the warning signs!
